

**Serial No. 08/986,746**

A copy of the original specification is included indicating the portions of the original specification which were deleted, and indicating where insertions into the original specifications were made.

**IN THE CLAIMS:**

Please cancel claims 1-30 without prejudice or disclaimer and substitute therefor new claims 31-53 as presented on the APPENDIX OF CLAIMS appended hereto.

**REMARKS**

Reconsideration of the rejection of the application is respectfully requested.

Items 3 and 4 of the Official Action require correction of numerous idiomatic, grammatical, and other formal errors made as a result of translation from a foreign language in the specification. The substitute specification corrects the errors and places the application in conformance with U.S. practice. Entry of the appended substitute specification is respectfully requested. The substitute specification contains no new matter.

Item 5 of the Official Action requires correction of the title. The title has been amended to more accurately reflect the claimed invention.

Item 1 on page 2 of the Official Action objects to the drawings. Proposed amendments to Figs. 1-23 show labels as marked in red on the copies of Figs. 1-23, attached hereto for approval by the Examiner. No new matter has been added to the disclosure.

Item 2 on page 2 of the Official Action also objects to the drawings as not showing R110 and R111 described in the specification. However, Applicant respectfully submits that originally submitted Fig. 11 shows R110 and originally submitted Fig. 13
